

# 'Big Issues': Free employment law update

Key developments in employment law over the last few months and a look at important changes ahead...

*Peterborough, Cambridge and London*

**At our Big Issues event, you'll experience:**

## The Quiz

We'll take you through an interactive Quiz on the latest key employment law cases and will highlight their practical impact for your business. Topics include:

- When a company can be held vicariously liable for its employee's actions.
- The ECJ's latest decision on the right to payment in lieu of holiday.
- The validity of an employee's written notice of resignation.
- Directors' personal liability in whistleblowing claims.

## The Future

We'll look at the key topics on the horizon for employers and provide you with an update on timescales for forthcoming legislation changes.

## The Big Issue: Brexit

What will Brexit mean for your business? Our panel of experts will give guidance on:

- What does Brexit mean for employment law?
- Employing migrants from both within and outside the EEA - including pre and post transition period residents, right to work checks and the changes ahead for immigration rules.
- Health and Safety for a post Brexit workplace - we will look at the HSE's health priority plans for the workplace post Brexit, focussing on musculoskeletal (bad backs and upper limbs) disorders and work-related stress.

We hope to be in a position to give guidance on further topics once the path to Brexit becomes clearer.

## Our Team

We have an exceptionally strong team of lawyers in our Employment & Employee Benefits Team and are well known for delivering excellent training events. We don't just tell you the law, but what you need to do as a result. Some feedback from previous Big Issues events:

*"Diverse and practical examples - really informative"*

*"...the best employment law update/seminar I have been to"*

*"Pitched at the right level and brilliantly presented"*
